Take the mystery out of photometric reports!

Our speaker this month will be Greg Subisak, Engineering Manager of the Holophane Lighting Innovation Group. An active member of IESNA since 1975, Greg will acquaint you with the basic terms (candela, lumens, efficiency, CU) used in photometric reports, show how a photometric test is conducted (with actual video of a photometric test), and provide a glimpse of how the information in photometric reports is applied to the daily practice of lighting design.

Who: Greg Subisak
