

Take me out to the ball game . . . well, ballpark anyway

Please join us for our kick-off IES meeting at Chase Field. This is not your typical run of the mill ballpark tour. Our tour will include some of the standard tour hot spots and will also go behind the scenes with the facilities staff to learn more about the stadium lighting, A/V integration and other things unique to this remarkable venue.

After the tour feel free to join your colleagues for lunch overlooking Chase Field at Friday's Front Row. Lunch is optional and at your own expense – all we ask is that you let us know whether you plan on staying so that we can notify Friday's and reserve a block of tables.
